

Würth Elektronik Scholarship

Würth Elektronik offers sophisticated electronic components for a multitude of applications in all industrial sectors. With Würth Elektronik, customers realize electronic visions – we’re on board from start to finish.

The headquarters of Würth Elektronik resides in Watertown, SD and houses design engineering, an R&D lab, a warehouse, supply chain management, inside sales, sales development, accounting, marketing finance, IT, human resources, and management.

Würth Elektronik will award a scholarship in the amount of \$2000 to a student entering the first year of post-secondary schooling, pursuing a bachelor’s degree at a university in South Dakota. Additionally, a \$1000 scholarship will be awarded to a student pursuing an associate’s degree at a technical college in South Dakota.

Criteria for eligibility for the Würth Elektronik scholarship are as follows:

- Acceptance to and intent to attend a South Dakota accredited school
- A cumulative grade point average of 3.5 on a 4.0 scale
- Leadership and service displayed in the community
- An essay which answers the question, “Who has helped shape your education?”

Applications should be submitted to Würth Elektronik by March 1, 2023.

Würth Elektronik

Attn: Scholarship Application
121 Airport Drive
Watertown, SD 57201

If in the event the award recipient withdraws from school during the first term, the award must be returned to Würth Elektronik.
